

Saliva- The New Hope Of The Pandemic

SALSI is a first of its kind interdisciplinary international meet in India that focuses on immense potential of saliva as a disease diagnostic tool, saliva therapeutics and saliva biomarker research on a global perspective.

Every year through the platform of SALSI, we focus towards imparting and promoting the importance of interdisciplinary science and collaborative research. The theme of SALSI 2022 is "Saliva - The New Hope Of The Pandemic".

The theme primarily caters to the importance of saliva diagnostics in Covid19 pandemic alongwith other lifestyle disorders like depression, anxiety, dementia, hypertension, obesity etc.. A special focus on correlation of effects of dental infections like peri implantitis , periodontitis , mucormycosis, etc with salivary biomarker changes is a new addition to the program. A dedicated workshop on Saliva diagnostics and Covid19 is also being planned.

Highlights

- **KRRIA: Research Idea Awards**
- **SALSI Influencer Award**
- **Scrivener: Poster /Paper Presentation**
- **Saliva & COVID-19 Workshop**
- **Exclusive Question Answer Sessions**
- **Panel Discussions and more...**

Theme

**Saliva- The New Hope Of The
Pandemic**

**January 28 - January 30
2022**

**Indian Academy for Clinical
and Dental Genetics**

presents

**4th International
Saliva Summit Of India
(SALSI) 2022**

In Collaboration with Oasis Diagnostics, USA

Global Status

SALSI has now made its mark in the global list of saliva symposia happening in different parts of the globe - USA (North American Saliva Symposium), Australia (STAR), Brazil, China. SALSI 2019 was the first in Chennai, India. The second meet was organised at Indian Institute of Science (IISc), Bangalore. SALSI 2021 was the first virtual meet.

Who Can Attend

BDS, MDS, B.Sc, M.Sc., MBBS, MD, B.Tech., M.Tech, B. Pharm, M.Pharm, B. V.Sc., M.V.Sc, BAMS, M.S. Ayurveda, PhD

Chairman's Message

"Science is interdisciplinary and not discrete. The true essence of research, innovation and its applications is meaningful only through collaborative multidisciplinary approach that caters to solve a societal problem. With a vision to bring academics, industry and clinical applications under one roof, the saliva meet in India (SALSI) was pioneered through our academic endeavors in 2019, in collaboration with Oasis Diagnostics, USA. SALSI 2022 is the second virtual saliva meet on the global calendar.

I welcome every science enthusiast to be a part of this scientific revolution to explore the world class technological advancements, opportunities to collaborate and find newer career opportunities. I am thankful to organisations like Thermofisher Scientific, India and Dentsply Sirona for supporting our past meetings."

Dr Gargi Roy Goswami
Founder & Director, IACDG

”

**Create, Collaborate
and Contribute to
Science**

“

INDIAN ACADEMY FOR CLINICAL AND DENTAL GENETICS (IACDG)

Indian Academy for Clinical and Dental Genetics is a first of its kind endeavor in India to promote oral healthcare research and propagate awareness about the importance of interdisciplinary scientific contribution that will lead to problem solving innovations through upgraded academics and entrepreneurship.

International Plenary Speaker

Dr Paul D. Slowey
Founder & CEO
Oasis Diagnostics, USA

Dr. Jill L. Maron
Associate Professor
Tufts University School of
Medicine, USA

Guest of Honor

Dr. David T. Wong
Professor
Associate Dean for Research
Director for UCLA Center for Oral/Head & Neck
Oncology Research (COOR)
Felix and Mildred Yip Endowed Chair in
Dentistry, USA

International Keynote Speaker

Dr Wayne Leifert
Principal Research Scientist
Molecular Diagnostic
Solutions CSIRO, Australia

Dr Debora Heller
Assistant Professor
Universidade Cruzeiro do
Sul, Brazil. Co-Founder.
,Ventnostics, USA

International Keynote Speaker

Dr. Manuel Jimenez Lopez

Professor
Dept. of Psychology &
Psychobiology
Universidad Internacional De La
Rioja, Spain

National Keynote Speaker

Dr Shriram Raghavan

Senior Vice President,
Jananom Pvt. Ltd
Vice President,
Evolva Biotech, Coimbatore

Dr Vandana Shah

Professor & Head
Department of Oral Maxillofacial
Pathology
K M Shah Dental College & Hospital
Gujarat

National Guest Speaker

Dr. Udit Singh

Associate Professor
Department of Oral Medicine &
Radiology Kothiwal Dental
College, Moradabad, UP

National Keynote Speaker

Dr Gargi Roy Goswami

Chairman & Founder, SALS
Founder & Director,
Indian Academy For Clinical & Dental
Genetics, Chennai
Founder & Director, KROYNAS Pvt. Ltd

Research Award

KRRIA

(Dr Kamalesh Roy Research Idea Award)

Dr. Kamalesh Roy Research Idea Award is a gesture of humble commemoration of the the selfless contributions of (Late) Dr Kamalesh Chandra Roy in the field of dentistry and his immense societal contributions during his lifetime and beyond. He was the first dentist of Berhampore town, district Murshidabad, West Bengal, India. He is popularly known as “The GOD of Dentistry” in Murshidabad district (West Bengal). Pertaining to his extensive experience as a practitioner (about tooth extractions in particular), he was popularly known to be a “Dentist with Longer Right Hand” amongst the general mass.

KRIAA aims to encourage, recognize, strengthen and support student research and early career research in India in the field of healthcare, biological sciences and other relevant fields of science and technology. The award is an one time cash prize amount to the winner.

Who can apply?

KRRIA is an exclusive platform for undergraduate students, interns, postgraduate students and early career researchers (upto 4 years of experience) from fields of biological and biomedical sciences and healthcare.

Research Idea Awards

KRRIA Application

- Applicant must be a registered participant at SALSI 2022
- There is no separate cost for applying for KRRIA.

Application Deadline:
December 30, 2021
